SUMMARY

IT Specialist and Web Developer with 4+ years of professional experience across technical support, IT infrastructure and web development. Supported end-users across Makati, Ortigas and BGC, administered Microsoft 365 and Google Workspace, configured networks and LED displays, and built and deployed websites and web apps for clinics, consultancies and small businesses using WordPress, AWS and modern front-end tools. Focused on reliable systems, happy users and interfaces that feel effortless. Open to IT support, technical support and web development roles: full-time, contract or freelance.

WORK EXPERIENCE

Realcognita (Website Developer & CMS Specialist) **Jun 2026 - Present**

- End-to-end website and content management for an expert construction and engineering consultancy.
- Front-end optimisation and intuitive user design for high-performing digital experiences.
- Builds and deploys with HTML, CSS, JavaScript, Git and AWS cloud hosting.

iSmile Dental Home (WordPress Developer & Domain Deployment) **Jan 2026 - Mar 2026 (Freelance)**

- Configured MySQL databases for WordPress and managed sites via the AWS Hosting Panel (Websites & Domains).
- Managed WordPress with Elementor, Yoast SEO, Site Kit by Google, JetBackup and other plugins.
- Developed and customised pages with HTML, CSS and JavaScript.

Chiropractic First (PH) OPC (IT Specialist) **Dec 2024 - Apr 2026**

- Maintained IT infrastructure: hardware/software deployment, computer reformatting, desktop assembly and remote support.
- Administered Microsoft 365 and Google Workspace, managed IT inventory using Excel and prepared technical reports.
- Configured and troubleshot printers, LAN/IP networks and TP-Link switches/routers; supported VPlex LED mapping, Android emulators and basic programming tasks.

SAP (IT Support Engineer) **Aug 2024 - Oct 2024**

- Provided technical support and troubleshooting to end-users across Makati, Ortigas and BGC.
- Resolved IT incidents, service requests and walk-up appointments through the ServiceNow ticketing system.
- Handled Microsoft 365, Remote Desktop support, re-imaging/re-provisioning, printer driver configuration, and asset management using SAP software and vendor logs.

Inspiro (IT Technical Support, On-the-Job Training) **Feb 2024 - May 2024**

- Kept computer equipment and peripherals working by diagnosing and resolving hardware and software problems.
- Supported daily IT operations and improved device reliability.

AdvanceTech (Customer Service Representative) **Jan 2020 - Feb 2022**

- Handled customer inquiries and service concerns, including courier delivery tracking and logs.
- Built strong English communication and client-handling skills.
